Status of the Claims

Claims 2-17 and 19-20 have been cancelled. Therefore, claims 1 and 18 are currently pending in this application.

Information Disclosure Statement

Applicant's Information Disclosure Statements, filed on **10 February 2005** has been considered. Please refer to Applicant's copies of the 1449 submitted herewith.

Reasons for Allowance

The invention relates to compounds of formula I, as defined in claim 1. The closest prior art of record is to Chu et al U.S. Patent No. 6,720,346 B2.

Chu et al teach thiazole compounds of Formula and their pharmaceutical use. The novel and non-obvious aspect of the instant claimed compounds is the presence of an amide group between the thiazole group and the phenyl group. The prior art teach an amine group connecting the thiazole and phenyl rings. Therefore, claims 1 and 18 are allowable over the prior art.
